

## LSA ECO – A5 / B5 5W30

**LSA ECO – A5 / B5** is a modern high performance fully synthetic engine lubricant for the highest level of engine protection.

ACEA A5 / B5 and Ford WSS-M2C 913D require high SAPS to provide protection and durability, however it is not suitable for diesel with diesel particulate filters (DPF). These require ACEA C Low SAPS engine oil

### Benefits

Outstanding wear protection in stop start operation

Maximum fuel efficiency

High power output

Low oil consumption

Approved technology

### TYPICAL CHARACTERISTICS

Properties	Unit	Value
