

Harvester Oil 7000

Harvester Oil 7000 is a top-tier mineral oil-based hydraulic fluid known for its excellent air release properties and shear stability. The highly stable viscosity of Harvester Oil 7000 provides dual benefits: optimal cold start and consistent hydraulic control, maintaining efficiency. Its superior air release capabilities help sustain hydraulic power, significantly reducing the risk of pump cavitation and wear.

Harvester Oil 7000 is specifically designed for hydraulic systems in sugar cane harvesters in Queensland, enduring the toughest operating conditions.

Meets the following specifications:

- ISO 68

Typical Characteristics:

Properties	Method	Unit	Value
ISO			68
Viscosity @ 40°C	ASTM D445	cSt	68
Viscosity @ 100°C	ASTM D445	cSt	10.9
Viscosity Index	ASTM D2770		150
Density @ 15°C	ASTM D4502	g/ml	0.868
Flash Point	ASTM D92	°C	220
Pour Point	ASTM D97	°C	-30

Package Sizes:

- 1000L
- 200L
- 20L
