

Truck Wash

Truck Wash is a versatile, non-caustic, and solventless degreasing detergent designed for rapid and efficient cleaning of all surfaces. Its biodegradable formula, featuring high-foam surface-active agents and emulsifiers, ensures the quick removal of dirt and grime without leaving streaks. Suitable for domestic, commercial, and industrial applications, Truck Wash is economical due to its high dilution rate and will not harm paintwork.

This product boasts neutral alkalinity, excellent compatibility with hard and salt water, high quick-break foam, and complete biodegradability. It is AQIS approved as a General-Purpose Cleaner Type A and classified as non-hazardous. **Truck Wash** is an odourless, blue viscous liquid that meets all cleaning and maintenance needs effectively.

Water Dilution Recommendations: (Truck Wash : Water)

- | | |
|---------------------|-------|
