

PX Eco Lite UFE 0W20

PX Eco Lite UFE 0W20 is a high-performance engine oil developed specifically for modern petrol and hybrid vehicles. It enhances engine efficiency and power output while helping meet increasingly strict global emissions standards. By minimizing friction and energy loss, **PX Euro Lite UFE 0W20** enables greater horsepower and acceleration without increasing fuel consumption. It meets API SP and ILSAC GF-6 specifications and is suitable for vehicles requiring a premium 0W-20 lubricant.

This product is not suitable for diesel engines.

Tested against advanced performance benchmarks, **PX Euro Lite UFE 0W20** delivers significant improvement in key hybrid-related areas including contaminant control, engine intermittency, and overall system efficiency. Trusted by leading automotive manufacturers, it provides robust protection under pressure and supports improved fuel economy for a more responsive driving experience.

Meets the following specifications:

- API SP
- Chrysler MS-6395
- Ford: WSS-M2C296-A, WSS-M2C2963-A
- ILSAC GF-6A
- SAE 0W-20

Advantages & Benefits:

- Boosts engine power and acceleration without increasing fuel use
- Reduces friction for improved fuel efficiency
- Provides strong protection under high-pressure conditions
- Enhances hybrid system performance across key areas
- Suitable for petrol and hybrid vehicles – not for diesel engines

Typical Characteristics:

Properties	Method	Unit	Value
SAE Grade	SAE J 300		0W-20
Viscosity @ 40°C	ASTM D445	cSt	44
Viscosity @ 100°C	ASTM D445	cSt	8.8
Viscosity Index	ASTM D2770		185
Density @ 15°C	ASTM D4502	g/ml	0.85
Flash Point	ASTM D92	°C	210
Pour Point	ASTM D97	°C	-40
TBN	ASTM D2896	Mg KOH/g	7

Package Sizes:

- 1000L
- 200L
- 20L
